

Updating your diploma mailing address

Dear Student(s),

Remember to update your diploma mailing address on OSCAR or you will not receive your diploma. Your diploma mailing address is different from your permanent and DL mailing address. There is a drop down window in your OSCAR account where you can select and enter your diploma mailing address.

If you have not received your degree six weeks after graduation, please contact Degree Certification at 404-894-4153 so that they can mail your diploma to you.

Best regards,  
Barbara
