

## DEGREE CANDIDATE INFORMATION

If you will be eligible for graduation in the next two semesters, please read the following information:

Everyone graduating must complete:

1. Degree Petition
2. Program of Study form
3. Enrollment Waiver
4. On Oscar update your diploma mailing address under personal information

These forms may be obtained by contacting Distance Learning at [cdlops@dlpe.gatech.edu](mailto:cdlops@dlpe.gatech.edu) or 404-894-3378.

Exception: If you are an ECE candidate, you must obtain the first two forms from the ECE graduate office. Phone: 404-894-2983 or Email: [graduate@ece.gatech.edu](mailto:graduate@ece.gatech.edu)

Obtain the waiver form from Center for Distance Learning.

### **Please check with your major school for additional requirements**

Because of the one week delay for homework assignments and exams, Distance Learning students must graduate the semester AFTER they take their last class. In other words, if you take your last class during the FALL semester, you will not graduate until the end of SPRING semester. You must complete the above mentioned waiver form. It tells the Degree Certification office that you will be graduating during a term in which you are not enrolled.

Log into your student account via OSCAR web. <https://oscar.gatech.edu/> to check the status of your graduation application.

Mail the degree petition and enrollment forms to Distance Learning and we will handle the rest. We will get the signatures and get the form(s) to the Registrar's office.
